

## Hard Case Pro™ Flashlights

### HARD CASE PRO™ INSPECTION LIGHT

The Energizer® Hardcase Professional® LED Inspection Light is ready to take on the toughest jobs. Designed to fit easily in a pocket, this light is easy to keep at hand. In addition it is water resistant and can withstand a 1-metre drop, making it ideal for even the roughest conditions on the job. Toughest Flashlight You'll Ever Need™. Dimensions (mm): 149 x 24. Includes two "AAA" batteries.

Part No. TUFPL22PH.

White LED provides 40 lumens of light

Survives 1-metre drop test

Water Resistant

### HARD CASE PRO™ 4AA FLASHLIGHT

Ideally suited for mid-sized jobs in smaller areas, the Energizer® Hard Case Professional® LED Project Light is easy to hold and pack up. Its bright white spot puts light where you need it most and the shatterproof lens shelters the LEDs. Made from impact resistant ABS plastic with steel sides and a shock absorbing rubber overmold, the light survives a 2-meter drop. It is water resistant, making it ideal for many outdoor applications. Finally, an impressive 23-hour run time keeps cost of ownership low. Dimensions (mm): 225 x 76. Includes four "AA" batteries.

Part No. TUF4AAPE.

4 White LED provides 35 lumens of light - Tight white spot

Survives a 2-metre drop

Weatherproof

### HARD CASE PRO™ 2AA FLASHLIGHT

The Toughest Flashlight You'll Ever Need™. Perfect for close-up jobs, the Energizer® Hard Case Professional® LED Task Light is always at hand and ready to perform. The compact size makes the light easy to carry and store. An anti-roll design combined with impact resistance greatly reduces the potential for damage to internal components. A shatterproof lens protects the LEDs from harsh environments. In addition, this light keeps your cost of ownership low with an impressive 30-hour run time. Dimensions (mm): 172 x 44.5. Includes two "AA" batteries.

Part No. TUF2AAPE.

Three white LEDs deliver 20 lumens of light

Survives a 4-metre drop

Weatherproof

### HARD CASE PRO™ PROFESSIONAL LED HEADLIGHT

The Toughest Flashlight You'll Ever Need™. The Energizer® Hard Case Professional® LED Headlight is built to take tough conditions on the job while providing a dependable hands-free lighting solution. Four lighting modes are controlled by two easy to operate push button switches. The light pivots to direct the beam where you need it; and the comfortable, adjustable head band stays where you put it, whether on your head or on a hard hat.

Survives 2-meter drop. Includes three "AA" batteries.

Part No. TUFHD31PE.

4 modes - high and low white beam, red for night vision, green for inspection work  
•Flip up lens diffuses spot to area light

## HARD CASE

### HARD CASE PRO™ 2AA SWIVEL LIGHT

Durable, impact resistant ABS plastic frames with steel sides, shock absorbing rubber overmolds and shatterproof lenses create tool-quality lights. The Energizer Hard Case Professional LED Swivel Light has 4 light modes, making it adaptable to almost any situation - bright spot, low spot for extended battery life, red LED for night vision, green LED for inspection work. Plus the swivel head and hands-free operation let you put light where you need it. **Durable:** •Survives a 6 meter drop •Weatherproof and water resistant **Flexible:** •Head rotates 125° for light where you need it **Hands Free:** •Sturdy clip attaches to belt or strap •Flat base stands on surface •Includes two "AA" batteries.

Part No. TUF2AAPE.

Operates in 4 different light modes:

- Hi White spot
- Lo White spot
- Red night-vision
- Green inspection

## NEW

### HD VISION INDUSTRIAL LED HEADLIGHT

LED provides 150 lumens of light

Survives 1-metre drop test

Water Resistant

## Miscellaneous Flashlights

### 6 LED HEADLIGHT

•With head strap that's wide enough to fit hard hats •2 built-in pencil holders •Pivoting head •Uses 3 "AAA" batteries (included) •Pushbutton switch •Retail blister card •Offers 4 Light Modes — "Spot": (2 white LEDs) focused light for detail work; "Flood": (2 white LEDs) area light for moving, working; "Spot + Flood": (4 white LEDs) maximum light output; "Night Vision": (2 red LEDs) saves power, keeps peripheral vision, up to 50 hours of run time.

Part No. HDL33AINE.

### 3 LED MICRO SPORT HEADLIGHT

Ideal lighting choice for activities in the dark, such as cycling and jogging. The forward beam lights your path, while the back safety flasher ensures that you can be seen. The light is water resistant and will continue to operate after exposure to splashing water from all directions. A comfortable, adjustable elastic band mounts the light securely around your head, and the slim profile and light weight make the headlight easy to wear. 2 LEDs provide 37 lumens of light in high mode. Usable light for 3½ hours in high mode. Lifetime LEDs never need replacing. Illuminates objects up to 8 meters away in high mode. Red rear flasher operates for 95 hours with just one coin cell.

Part No. HD3LMS32E.
